Parish Council Projects

- Litter signs have been placed in the 2 village laybys in the hope of encouraging drivers using the laybys to take their litter home.
- Buerton Parish still have a section of traditional Cheshire railings along the section of the road on entering the core of the Village. Part of the railings date back to the early 1900s and over a long period of time the railings have been repaired or replaced. They are now in a bad state of repair and are in need of attention. We are looking at funding options from various sources. This is a major project and may have to be tackled in smaller sections due to the poor state of the railings.

Community Speed Watch

During 2021 PC Jarvis trained 8 volunteers in the use of community speed watch cameras and procedures. The volunteers have so far up to December 2021 recorded 22 speeding vehicles. PC Jarvis suggested that the Parish Council might consider CSW or SID signs that could be placed on approach roads. The Parish Council agreed to look into the cost of these signs. If anyone would like to become a Community Speed Watch volunteer please contact Buerton Parish Clerk.

Playground

The Parish Council would like to appoint a playground caretaker for playground inspections, bin emptying, general maintenance of the playground equipment. Anyone interested?

Please contact Buerton Parish Clerk.

New goal posts & nets are to be purchased & fitted in the coming months.

Buerton Community Playing Field

A proposal has been made to the Parish Council for the use by a third party of a strip of land adjacent to the old school house.

The Parish Council is mindful that it is the custodian of Buerton playing field and would not enter into any material change of use without proper consultation with the whole community. There is a licence/covenant on the land and after due consideration of the proposal, it cannot find any material benefit for the Parish. Therefore, the proposal has been rejected.

Please be reassured that the Parish Council takes its role as your representative very seriously and has not and would not seek to do anything that was not transparent to you, our community.
